Class 4/6/7
Lesson Narrative Writing

Commendations, Recommendations and Conclusions:

class was really bursting to go - fantastic!
They were so motivated and enthusiastic,
and I noticed how you kept coming back
to one particular child who obviously
needed a little extra help - Good work.

What a fun and very productive
lesson Julia - how wonderful would ~~we~~
be as teachers, if every lesson we did
would be as motivating and engaging as
this one! You and the children were
all having fun - and producing some
very positive results as well - It was
an absolute pleasure to watch you at
work this morning Julia - Well Done!
