

In recognition of professional learning

**JULIA MACASKILL**

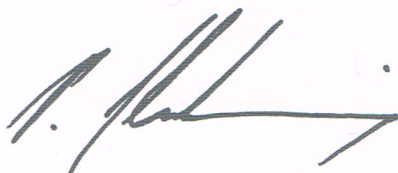

has completed a two day workshop

**Graduate Teacher Module 3**

Assessing and Reporting Student Learning Outcomes

where participants:

- explored the professional attributes demonstrated by effective teachers
- developed their understandings of assessment and how it contributes to student learning
- used a range of frameworks, including the Principles of Assessment, to critically reflect on practice
- articulated their understandings related to student learning and assessment
- considered issues and responsibilities related to reporting student learning to parents
- reviewed their practice in line with the Australian Professional Standards for teachers.
